

Furniture Quality

“We were looking for a mobile scoreboard, but all that we found was too expensive. We simply needed a high quality scoreboard at an affordable price. When our scoreboard was delivered, the quality surpassed what I had expected, especially for the affordable price that we paid. I’m a big believer that “you get what you pay for”, and Steve delivered a scoreboard that exceeded what I paid for. Simply put, I’m proud to show off our board to our members and their guests every chance I get. This is not your everyday, run of the mill scoreboard... it’s a piece of furniture.”

*Jeff Jordan, PGA
Director of Golf
Mountain Brook Club*
